Dear Madam

The only letter I can put  
3 links on was with reference to  
an article, but it seems to relate  
to the article more than to any  
special view of Miss Nabors' one.

I however send part of it, leaving  
out what could be of no use to you.

Your paper on 'Grace' is very  
welcome and you put very strikingly  
what many of us feel strongly. . . .

" PS I should greatly like <sup>series</sup> ~~series~~ of

I am sorry that I did not follow  
this up, owing to want of time. I may  
find time. I shall greatly like to see  
the full number of revised papers later at  
present I am just leaving home.

Dear Miss Kitching,

Thank you so much for your letter and for the papers which you sent with it. I will gladly read the papers, and if I can will make use of them in the paper which I hope to read to the Educational Section of the British Association, or at least <sup>will</sup> ~~to~~ refer to them or to one of them, as my paper is already written. I was a great admirer of Miss Mason; but I am not sure that I can lay my hands upon the letters which she wrote me a good many years ago. Can you tell me the exact date of her death? If I cannot find her letters, I shall be obliged, supposing I write about her, to trust my memory; but I will gladly pay a brief tribute to her good work, if you think such a tribute would be of any use to you.

Believe me,

Miss Kitching.

Most faithfully yours,

Have been asked if I can recall  
 any reminiscences of Miss Mason, when  
 I was a student at Bishop Otter Memorial  
 College, Chester - I was there in 1877-78  
 I can remember her personally quite  
 well - her wonderful kind face - her lectures  
 on training children, were I feel sure very  
 helpful, specially her classes in the  
 Practising School - I do not think she  
 was at Otter College during the whole of  
 my two years - I think she must have  
 left for more appreciated work?

Dear Madam

I fear I do not

Mason's letters to  
her mother (Mr Dallas -  
York) are - There  
may be some - but  
they must be at  
my Father's!

place in Lincolnshire  
 Ith wd take a  
 long time I want  
 to be at them 7  
 years -

I am so sorry I  
 cannot help you -
